It will also tell you about your privacy rights and how the law protects you.

This privacy notice is divided into sections so you can move to the specific sections detailed above in the contents table. Please also use the Glossary to understand the meaning of some of the terms used in this privacy notice.

### **1. Important information and who we are**

#### **Purpose of this privacy notice**

This privacy notice aims to give you information on how the Group collects and processes your personal data either (a) through your use of our websites, including any data you may provide through our websites when you sign up to our newsletter, purchase a product or service; or (b) via any other communication with the Group such as letter, email or telephone call.

It is important that you read this privacy notice together with any other privacy notice or fair processing notice we may provide on specific occasions when we are collecting or processing personal data about you, so that you are fully aware of how and why we are using your data. This privacy notice supplements the other notices and is not intended to override them.

#### **Controller**

The Group is made up of different legal entities, details of which can be found in the Glossary. This privacy notice is issued on behalf of the Group, so when we mention Group, "we", "us" or "our" in this privacy notice, we are referring to the relevant company in the Group responsible for processing your data, that being the legal entity to whom you provide your personal data. Any change to this will be notified to you.

For the purpose of managing our relationship with you we may share personal data with the other legal entities within the Group. This is necessary for our legitimate interests of keeping our records up to date and may be necessary to ensure that we can comply with legal obligations. Certain legal entities within the Group perform services, particularly marketing services, on behalf of other legal entities within the Group.

The Group has a Compliance Officer (CO) who is responsible for overseeing questions in relation to this privacy notice. If you have any questions about this privacy notice, including any requests to exercise your legal rights, please contact the CO using the contact details below.

## **2. Children's Personal Data**

There are certain areas of this website, relating to Group apprenticeship schemes and training opportunities, that may be of interest to children under the age of 16 and those areas are intended to provide information to under 16s, but in any event only those aged over 13, who in accordance with the Data Protection Bill it is deemed can consent to providing us with personal data.

We do not collect data relating to children via the website but may process data on under 16s if it is provided to us directly by the individual, its parent or guardian, or if it is provided to us from our third party training providers. Processing of personal data of children aged under 16 is processed with

consent, but in most instances would only be processed for the legitimate interests of the business or as it is necessary for the performance of a contract. The purpose of any communication or processing would be to provide training information, information on apprenticeships, providing work placements or information about work placements, or future employment opportunities.

When we communicate directly with anyone we understand to be under 16 (and wanting the Group to process their details, e.g. to receive information on future job or training opportunities) we will provide them with the data protection notice attached at Annex 1 to this policy.

### 3. The data we collect about you

Personal data, or personal information, means any information about an individual from which that person can be identified. It does not include data where the identity has been removed (anonymous data).

We may collect, use, store and transfer different kinds of personal data about you which we have grouped together as follows:

- **Identity Data** includes first name, maiden name, last name, username or similar identifier, marital status, title, date of birth and gender.
- **Contact Data** includes billing address, delivery address, email address and telephone numbers.
- **Financial Data** includes bank account and payment card details.
- **Transaction Data** includes details about payments to and from you and other details of products and services you have purchased from us.
- **Technical Data** includes internet protocol (IP) address, your login data, browser type and version, time zone setting and location, browser plug-in types and versions, operating system and platform, and other technology on the devices you use to access this website.
- **Profile Data** includes your username and password, purchases or orders made by you, your interests, preferences, feedback and survey responses.
- **Usage Data** includes information about how you use our website, products and services.
- **Marketing and Communications Data** includes your preferences in receiving marketing from us and our third parties.

We also collect, use and share **Aggregated Data** such as statistical or demographic data for any purpose. Aggregated Data may be derived from your personal data but is not considered personal data in law as this data does **not** directly or indirectly reveal your identity. For example, we may

aggregate your Usage Data to calculate the percentage of users accessing a specific website feature. However, if we combine or connect Aggregated Data with your personal data so that it can directly or indirectly identify you, we treat the combined data as personal data which will be used in accordance with this privacy notice.

The type of data which we collect from you will be determined by the nature of your relationship with the Group.

#### **4. Information collected when you are seeking employment within the Group.**

We collect personal information about potential employees, workers and contactors through the application and recruitment process, either directly from candidates or sometimes from an employment agency or background check provider. We may sometimes collect additional information from third parties including former employers, credit reference agencies or other background check agencies.

If you are seeking employment with one of the Group companies, we may require you to share **Special Categories of Personal Data** with us or a third party. This could include information about your health to ensure that you would be able to perform the role applied for.

We may also require details about your race, religion or ethnicity to be shared with either ourselves or a third party for the purpose of security vetting or Disclosure and Barring Service clearances, where such clearances are required for the role you would perform within the Group. To the extent possible, any such personal data will be held by third parties (United Kingdom Security Vetting and /or Security Watchdog, which is a Capita company) authorised to perform such checks, rather than within the Group. Where the personal data is provided to the Group and subsequently shared with such third parties appropriate data processor agreements will be in place. This will only be necessary if obligations with customers' of the Group require security checks to be performed for work carried out for the defence sector.

Where an employee is required to travel or work overseas as part of their role, we may also, as required, seek special categories of data to be disclosed to us. This will be shared with the relevant authorities issuing any visa or necessary travel documents, and would also be shared with the Group business travel provider (Business Travel).

In respect of both of the collection of personal data for the purpose of security clearances and obtaining a visa to travel overseas, it may be necessary for third parties to process information in relation to criminal convictions. This information will not be shared with us, unless you share it with us. Please note, that if we become aware of any criminal conviction that may impact upon your ability to obtain any security clearance or travel visa required for your job we may ask you to disclose this to us. You do not have to do so, but any failure to do so, which results in us being unable to get either the appropriate security clearance or relevant travel visa to allow you to perform the role you were employed to do, may result in you being dismissed.

Where security clearance or a visa is required for the job role in question, our lawful basis for processing such information is the legitimate interests of the business. We have conducted a legitimate interests assessment in accordance with the recommendations of the information

commissioner and cannot see another way of fulfilling our obligations to government agencies without undertaking these activities.

We would not collect the following categories of **Special Categories of Personal Data**; philosophical beliefs, sex life, sexual orientation, political opinions, trade union membership, and genetic and biometric data.

If you do enter into a contract of employment with one of the Group companies, your personal data will be protected in accordance with the British Engines Group Employee Privacy Policy. In addition to the above you should be aware that we would only process health and medical data where it is in our legitimate interests to process such data:

- a) to ensure we fulfil our statutory or contractual obligations to you (e.g. in providing you with a safe working environment);
- b) to ensure that you are physically and mentally fit to do your job; and
- c) if you have a disability we can make reasonable adjustments for you,

in any event, we would only obtain medical information from our occupational health team once you had consented to such information being disclosed to us.

## 5. If you fail to provide personal data

Where we need to collect personal data by law, or under the terms of a contract we have with you and you fail to provide that data when requested, we may not be able to perform the contract we have or are trying to enter into with you. This could mean that we would be unable to engage you as an employee as specified above, or continue that relationship. For example, we may not be able to provide you with goods or services. In this case, we may have to cancel a product or service you have with us but we will notify you if this is the case at the time.

### **Promotional offers from us**

We may use your Identity, Contact, Technical, Usage and Profile Data to form a view on what we think you may want or need, or what may be of interest to you. This is how we decide which products, services and offers may be relevant for you (we call this marketing).

### **Cookies**

You can set your browser to refuse all or some browser cookies, or to alert you when websites set or access cookies. If you disable or refuse cookies, please note that some parts of this website may become inaccessible or not function properly. For more information about the cookies we use, please see <http://www.britishengines.co.uk/pdf/british-engines-group-cookie-policy.pdf>.

### **Change of purpose**

We will only use your personal data for the purposes for which we collected it, unless we reasonably consider that we need to use it for another reason and that reason is compatible with the original purpose.

If we need to use your personal data for an unrelated purpose, we will notify you and we will explain the legal basis which allows us to do so.

Please note that we may process your personal data without your knowledge or consent, in compliance with the above rules, where this is required or permitted by law.

## 8. Disclosures of your personal data

We may have to share your personal data with the parties set out below for the purposes set out in the table in paragraph 7 above.

- Internal Third Parties, being other group companies.
- External Third Parties as set out in the *Glossary*.
- Specific third parties listed in Section 3 b above.

If a change happens to our business, then the new owners may use your personal data in the same way as set out in this privacy notice.

We require all third parties to respect the security of your personal data and to treat it in accordance with the law. We do not allow our third-party service providers to use your personal data for their own purposes and only permit them to process your personal data for specified purposes and in accordance with our instructions.

## 9. International transfers

We share your personal data within the Group. This may involve transferring your data outside the European Economic Area (**EEA**).

Many of our external third parties are based outside the European Economic Area (**EEA**) so their processing of your personal data will involve a transfer of data outside the EEA.

Whenever we transfer your personal data out of the EEA, we ensure a similar degree of protection is afforded to it by ensuring at least one of the following safeguards is implemented:

- We will only transfer your personal data to countries that have been deemed to provide an adequate level of protection for personal data by the European Commission. For further details, see European Commission: Adequacy of the protection of personal data in non-EU countries.
- Where we use certain service providers, we may use specific contracts approved by the European Commission which give personal data the same protection it has in Europe. For further details, see European Commission: Model contracts for the transfer of personal data to third countries.
- Where we use providers based in the US, we may transfer data to them if they are part of the Privacy Shield which requires them to provide similar protection to personal data shared between the Europe and the US. For further details, see European Commission: EU-US Privacy Shield.

Please contact us if you want further information on the specific mechanism used by us when transferring your personal data out of the EEA.

## 10. Data security

We have put in place appropriate security measures to prevent your personal data from being accidentally lost, used or accessed in an unauthorised way, altered or disclosed. In addition, we limit access to your personal data to those employees, agents, contractors and other third parties who have a business need to know. They will only process your personal data on our instructions and they are subject to a duty of confidentiality.

We have put in place procedures to deal with any suspected personal data breach and will notify you and any applicable regulator of a breach where we are legally required to do so.

## 11. Data retention

### How long will you use my personal data for?

We will only retain your personal data for as long as necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, accounting, or reporting requirements.

To determine the appropriate retention period for personal data, we consider the amount, nature, and sensitivity of the personal data, the potential risk of harm from unauthorised use or disclosure of your personal data, the purposes for which we process your personal data and whether we can achieve those purposes through other means, and the applicable legal requirements.

By law we have to keep basic information about our customers (including Contact, Identity, Financial and Transaction Data) for six years after they cease being customers for tax purposes.

We will keep personal data (Contact, Identity, Profile and any Special Category Data) provided in relation to unsuccessful job applications for 12 months from the date the candidate is determined unsuccessful. If a candidate becomes an employee we will store personal data in accordance with the British Engines Group Employee Privacy Policy and Group procedures.

We will keep Contact and Identity information obtained solely for the purpose of marketing for 24 months from the date of consent to hold such data. If, after 24 months, you have not unsubscribed we will either delete your data or seek to refresh the consent, in accordance with the applicable law at that time.

In some circumstances you can ask us to delete your data: see *Request erasure* in the Glossary below for further information.

In some circumstances we may anonymise your personal data (so that it can no longer be associated with you) for research or statistical purposes in which case we may use this information indefinitely without further notice to you.

## 12. Your legal rights

Under certain circumstances, you have rights under data protection laws in relation to your personal data. These rights are summarised in section 10 below, but additional information can be found using the link below.

If you wish to exercise any of your rights set out above, please contact us at [compliance@britishengines.com](mailto:compliance@britishengines.com).

### **No fee usually required**

You will not have to pay a fee to access your personal data (or to exercise any of the other rights). However, we may charge a reasonable fee if your request is clearly unfounded, repetitive or excessive.

### **What we may need from you**

We may need to request specific information from you to help us confirm your identity and ensure your right to access your personal data (or to exercise any of your other rights). This is a security measure to ensure that personal data is not disclosed to any person who has no right to receive it. We may also contact you to ask you for further information in relation to your request to speed up our response.

### **Time limit to respond**

We try to respond to all legitimate requests within one month. Occasionally it may take us longer than a month if your request is particularly complex or you have made a number of requests. In this case, we will notify you and keep you updated.

Request the transfer of your personal data to you or to a third party. We will provide to you, or a third party you have chosen, your personal data in a structured, commonly used, machine-readable format. Note that this right only applies to automated information which you initially provided consent for us to use or where we used the information to perform a contract with you.

Withdraw consent at any time where we are relying on consent to process your personal data. However, this will not affect the lawfulness of any processing carried out before you withdraw your consent.
